**Q.** What can Selenite Swords do to help me? Why should I go? What's in it for me?

**A.** Working with Selenite Swords brings an awareness of energy into a more tangible experience. I found during last year's workshop I could see. I could feel but this works enhances my ability to see. So from a practical point of view it is confirming.

**Q.** Are you a Light Worker? Do you work with self-care? Participate in Tai Chi, Yoga, Meditation? Inner Plane Work? Are you a Practitioner?

**A.** Energy is subjective, elusive and esoteric. With the assistance of one of Tom's swords I can bring this elusiveness into form for myself and my clientele. This is exciting and rewarding. I can lift the Heart and change the subtle bodies with gentleness, appropriateness and clarity.

These are the swords I work with

**Q.** Why am I promoting Tom?

**A.** I watched Tom demonstrate the swords at a Level II workshop in 2014. Dr Mikio had invited him to demonstrate the energetic shifts that swords of light create. In 2015 I attended my first workshop. I am more committed now to spread this Light.

Tom's contact in Melbourne moved North in 2014. He asked me to help him.  
I said yes.

Tom attended Dr Mikio Sankey's workshop in Colorado late in 2015. Even more powerful!! He now brings this experience to us.

**Q.** How do you use Swords?

**A.** I find them an alternative to Needles or Tuning Fork or Oils.

I have used them with all New Encoded Patterns. Especially Tier Density 1, 2, and 3 Patterns. I find they enhance the Energetic Body.

I found them very confirming for a client who is just being introduced to this work. A way of introducing Esoteric Acupuncture Advanced Energy Healing. Balancing and enhancing the energy of Chakra's and wellbeing.

**Q.** What do I like about them?

**A.** For me the benefit is that it enhances my ability to see and feel. Helps me remove myself and be of service. I don't like the word 'channel', but some would say that is what it is. Or, in the words of The Ling Shu Precip. *"The movement is dynamic is not separate from its empty spaces; The dynamic within this empty space is clear, still and subtle."*

My clients confirm this by expressing their own experiences and say things like. "I can still feel that pattern." "I can see it, or I Know that pattern now." "My whole being is different." "I can feel this." "I know this, thank you." "It has lifted." "I don't know what you did, but thank you"

**There is something in this work, this healing that I know I have to share.**

**Q.** Which day should I come? Should I do them all?

**A.** Any of the days would be worthwhile. Tune in with yourself and you will know.

**Q.** Do I have to be a Practitioner?

**A.** No. You do not have to be a practitioner all that have an interest in expanding consciousness will benefit.

**Q.** Do I have to know the points or acupuncture?

**A.** No.

**Q.** How do Acupuncturist & Practitioners benefit?

**A.** We Qi Protection is always worthwhile exploring is it not?

**Q.** Which are the best days if I can't come to all?

**A.** Esoteric Acupuncturist Advanced Energy Healers will find Sunday very interesting. Saturday also if you can't do Sunday. The whole lot.

**Q.** Can I bring a friend?

**A.** Yes, we are all Healers. This is Light Working. There are many paths. Yoga, Ti Qi, Reiki, Pranic Healing, Shiatsu, Massage Meditation and.....  
Expand the light

**Q.** Why Selenite?

**A.** It is a crystal. It brings clarity, especially mentally. Enhances Truth and Honesty. Does not hold or attract negative energy.

**Q.** Why are Tom's Swords so special?

**A.** In the handle Tom has placed many magnificent objects which I can't explain.

Call or sms him and ask on **0484 095 097 while he is in Australia.**
